Conveyancing Quality Accreditation ^[1]

Our residential property team has been recognised through

accreditation of the Law Society's Conveyancing Quality Scheme (CQS). CQS is a quality standard for residential conveyancing law firms and focuses on our integrity and the firm's adherence to good practice management standards and efficient conveyancing procedures.

What is the Conveyancing Quality Scheme?

The CQS is a scheme designed to give clients, vendors and lenders a recognisable standard for conveyancing firms. The new Law Society protocol looks to provide consistent standards across the board in order to speed up the conveyancing process and provide more certainty for buyers and sellers.

Why is it needed?

The conveyancing sector is a crowded market and to a regular member of the public can appear quite confusing. The CQS is intended to stamp out bogus/fraudulent firms and to raise quality levels throughout the legal sector.
