## Legal advice for Pharmacies <sup>[1]</sup>

### Commercial business advice for your Pharmacy

Sydney Mitchell has considerable experience of working with Pharmacies both from a commercial perspective and with property matters. The Healthcare Team has acted for pharmacies of all sizes and understands your needs and ambitions.

#### Property

If you have considered obtaining additional qualifications in clinical pharmacy, it appears likely to us that with the advent of GP Consortia and the transfer of healthcare from secondary to primary care there will be a great need and thus profit in such qualifications.

Our Healthcare Team fully understands all the issues that pharmacies have to deal with when relocating or setting up. Issues related to satisfying NHS requirements and the local planning authority, acquiring leases or a freehold and developing commercial agreements between you and GPs are addressed by the Healthcare Team on a regular basis.

Through our experience we offer practical solutions and advice to pharmacies in all areas of business.

For further information and assistance on how Sydney Mitchell can help you, contact [Our Healthcare Team](#) <sup>[2]</sup> by completing our [online enquiry form](#) <sup>[3]</sup>.
